

2025 ANNUAL REPORT

Key takeaways from 2025:

- **More than 56,000 website visitors from 165 countries**
- **More than 137,000 devotional reads on Substack**
- **More than 193,000 combined website visits and devotional reads**

Thank you for your prayers and support!

Friends of the ministry.

2025 was a year of transition for Another Well Ministries. While facing personal medical challenges and focusing on restoring my health, I stepped back from many ministry activities and paused our active fundraising efforts.

Although our work slowed for a season, God's faithfulness did not. As my health improved, I was able to resume distributing content and sharing messages of encouragement, strength, and hope.

We also changed how we deliver our devotionals. Instead of directing readers to our website, we began delivering the full message through Substack so subscribers could read it directly in their email. This shift reduced website traffic, but engagement across our platforms remained strong.

In 2025, more than 56,000 people visited our website from 165 countries, and our devotionals were read more than 137,000 times on Substack—more than 193,000 combined visits and reads.

With active fundraising paused for much of the year, the ministry received \$1,260.38 in donations. Each donated dollar supported approximately 153 website visits and devotional reads.

I am deeply grateful for everyone who prayed for me and Another Well Ministries. Your encouragement helped sustain us through this transition. As we move forward, I am thankful for renewed health, renewed focus, and the opportunity to continue sharing the hope of Christ around the world.

In Christ,
Jared Dyson
President - Another Well Ministries
